

*The Interfaith Team of the
Hagerstown Area Religious Council invites you to*

A call for our shared humanity

A sacred gathering where people of different religious and spiritual traditions will gather with a shared intention: affirming the dignity and humane treatment of all people.

Hymns, chants, mantras — all a cappella — along with readings from sacred texts and speakers from various backgrounds will create space to reflect, reconnect, and recommit to a unity of purpose.

In challenging times, this service becomes more than a ceremony. It becomes a living witness... a reminder that unity does not require uniformity, that peace is not passive.

It is an active, daily practice grounded in humility, courage, and love.
